RUNOFF® WATERPROOF PACKING CUBE

TRU® Zip technology keeps water out, seals messes in

RunOff® Waterproof Packing Cubes keep you organized on-the-go, making it perfect for everything from business travel, heading to the mountains, or being on the water. This packing cube saves space by doubling as a compression bag, allowing it to compress bulky items like down jackets, blankets, and clothing. The strong, reinforced nylon handle and integrated anchor points allow for convenient attachment while the translucent front makes it easy to locate your items. Included with the bag is a packet of TRU® Zip High Performance Lubricant Wipes, which are custom-designed to preserve the integrity of your zipper with a water-based, no-mess formula.

The unique, patented TRU® Zip waterproof zipper developed by Nite Ize® sets RunOff ® bags apart from anything else on the market. The simple slide-to-secure zipper is easy to use and features a waterproof and dustproof seal that's snag-proof and creates a confident closure you can feel. Its toothless design is silent, glides smoothly, and offers maximum reliability whether it's left out in the rain or fully submerged.

Features:

- Tested dustproof and waterproof to IP67 (withstands immersion in water 1M deep up to 30 min)
- Durable TPU construction with RF-welded seams for ultimate reliability
- Features patented TRU® Zip waterproof zipper developed by Nite Ize®
- Defends against water, dust, and sand
- Compresses bulky items to save space
- Integrated anchor points for versatile attachment
- Translucent front allows you to easily locate items
