

MERET EFAK™ PRO X BAG

REV081221

Compact and hands free kit with a lot of capacity and customizable configuration...

The MERET EFAK™ PRO X first aid bag is designed to help you easily carry and deploy medical supplies in a very compact, hands free kit, with optimized capacity. The customizable configuration makes it convenient for each user to organize the contents according to their specific items and requirements.

This pack provides easy access to gloves and other supplies without opening the main compartment, through a convenient port on the front of the bag. Elastic sleeves on the front, top, and sides of the EFAK™ PRO X allow for versatile exterior storage and simple access to critical kit items. The main compartment features elastic loops for organizing contents and keeping them easily accessible.

The EFAK™ PRO X™ is constructed from waterproof, durable, wipe-clean tarpaulin, and is designed specifically to easily clean and remove blood borne pathogens, making it perfect for professional responders and other medical personnel operating in the field.

Features:

- Double stitched seams on all stress points
- Exterior hook and loop section for name tape or patches
- Pocket to secure shears
- Internal glove pouch with exterior access
- External elastic sleeves secures additional supplies

Specifications:

- H 4.50 in. x W 6.25 in. x D 1.00 in.
- Weight: 8oz
