

IRUPU HARNESS *from EDELRID*

REV120120

User-friendly Canyoning Harness with a replaceable seat protector and wear indicator webbing

A multi-disciplinary rugged harness for use in operational environments (IE Mountain evac, Sub-T, Canyons, & Caves) with 2 robust, floating gear loops. Enhanced stitching and replaceable seat provide uniform protection - wet/dry suit, chem-suit from abrasion / failure when performing soft start edge transitions or working within confined space environments with abrasion hazards.

Features:

- 2 robust, floating gear loops
- Stitched clip-in buckles with tension straps for an easy on and off
- Left/ right leg loop markings make it easier to put the harness on correctly
- Robust, replaceable seat protector
- Large, textile tie-in point

Specifications:

- UIAA: Yes
- Certification: EN 12277 Type C

Dimensions:

- Waist: 65 - 110 cm
- Leg Loops Max: 70 cm
- Weight: 21.16 oz (600 gm)
