

EX-TRACT STRAP

RESCUE EQUIPMENT

REV041717

Bring unlimited rescue options to your operational toolbox with a single lightweight multi-function extraction strap

The Ex-TRACT Strap from North American Rescue combines and simplifies the majority of the tactical/operational point-of-wounding and vertical casualty removal devices into a single lightweight multi-function extraction strap. Utilizing a unique linear 4-loop multihandle/ attachment point design, the Ex-TRACT Strap brings unlimited rescue options to the end users' operational toolbox without having to carry multiple devices.

Features:

- Point of wounding extraction (torso or feet first)
- Modified half litter
- Back pack carry
- Hasty harness for traditional & confined space lowering & hauling
- Anchor Sling (rappelling & hauling/ lowering)
- Used in conjunction with tactical litter systems for hands-free capability
- Confined space casualty removal

SPECIFICATIONS

Pkg: H 18 in. x W 3.5 in. x D 1 in.
