

CORE KIT *Compact Officer Response Emergency Kit*

REV060923

Address moderate and severe traumatic bleeding with the premium life-saving equipment provided in the Compact Officer Response Emergency (CORE) Kit from North American Rescue. The CORE Kit contains the Committee on Tactical Combat Casualty Care's (CoTCCC) #1 recommended prehospital tourniquet – the patented Combat Application Tourniquet® (C-A-T®), the #1 CoTCCC recommended Hemostatic Dressing – Combat Gauze® and a 4 in. Flat Emergency Trauma Dressing (ETD).

Stop extremity hemorrhage with the C-A-T® – 10 years and counting as the #1 fastest, safest and most effective prehospital tourniquet in the world. Rapidly address bleeding injuries by accelerating the body's natural clotting cascade with the #1 CoTCCC recommended hemostatic dressing, Combat Gauze®. Provide constant and effective pressure utilizing the 4 in. Responder ETD bandage.

Designed to go where you go, this compact medical kit will fit in a BDU pocket, vest pouch or Go-Bag and provides personnel with essential life-saving bleeding control equipment that can be kept on their person. The CORE Kit is packaged in a compact, rugged, clear vacuum-sealed bag with easy-to-open tear notches. Be equipped with the most effective components at the best value available on the market.
