

HEMORRHAGE CONTROL TRAINING KIT *CombatGauze®*

REV01052021

All-In-One Wound Packing Simulator...

The Hemorrhage Control Trainer (HCT) Kit provides an ideal solution for the instruction and practical skills training for hemorrhage control/wound packing techniques using Combat Gauze hemostatic products. The HCT is an all-in-one wound packing simulator that comes complete with a training wound model and ten (10) inert Combat Gauze Z-Fold Training Gauze packages.

The HCT allows trainees the hands-on skill development and required muscle memory to help with understanding the mechanical aspects of wound packing.

The HCT includes a "training leg" that features an entry/exit bullet wound and a deep laceration that can be packed. It also provides realistic tactile sensation in a complete, easy-to-use training aid simulator packaged in a rigid carrying case. Also includes five (5) Combat Gauze – LE demonstration samples and a training card with instructions for accessing a no-cost training module.

Features:

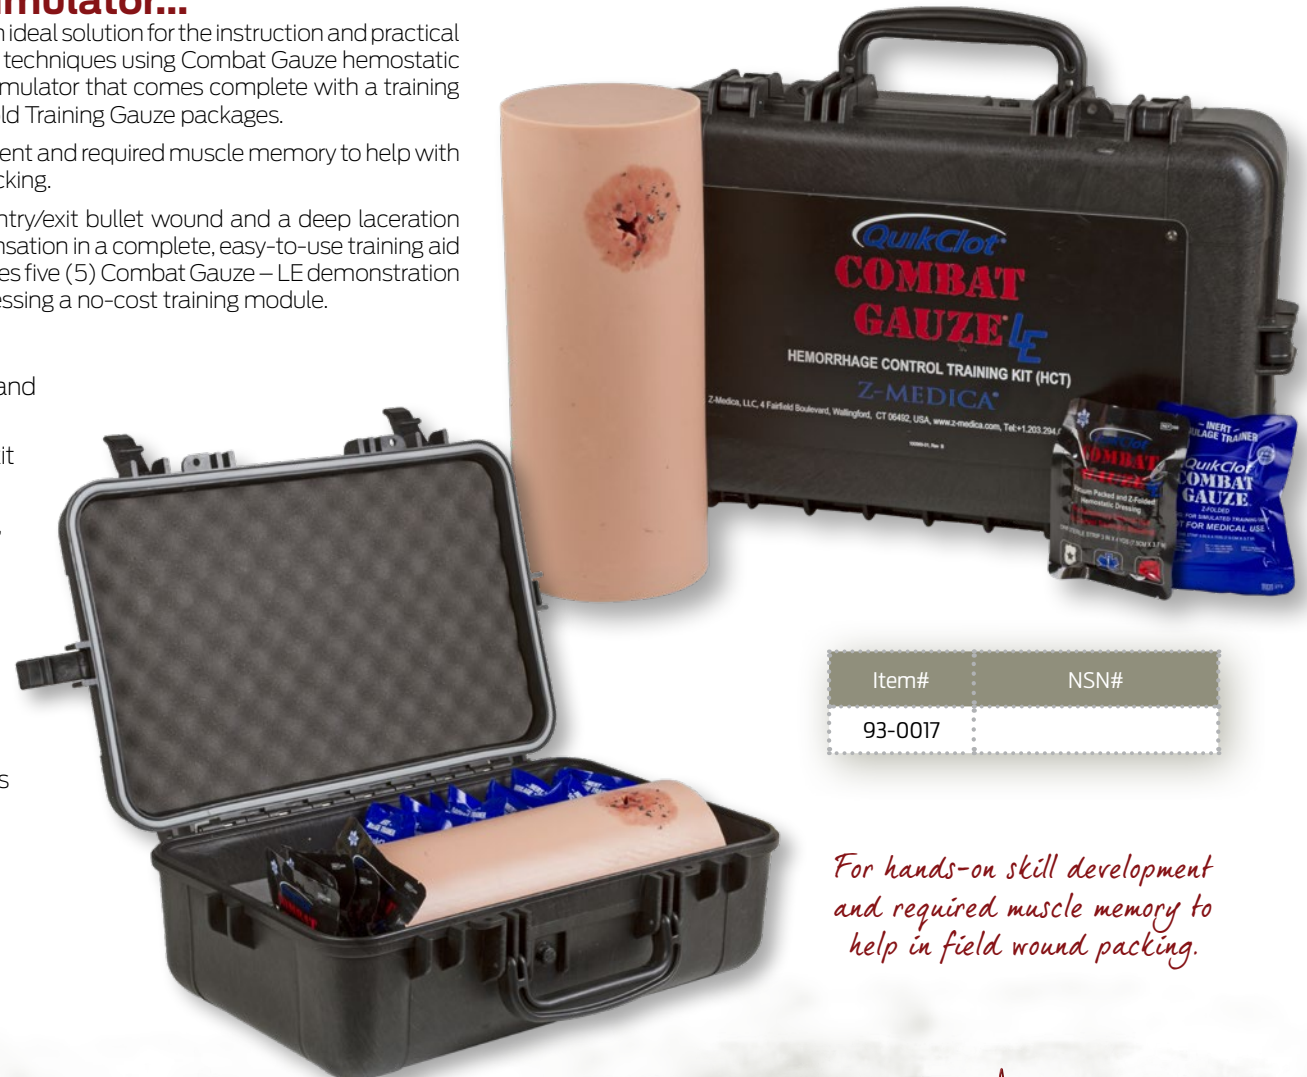

- Comes with 10 Combat Gauze Training Gauzes and 5 Combat Gauze LE Hemostatic Gauzes
- Includes a "training leg" that features an entry/exit bullet wound and a deep laceration
- Provides realistic tactile sensation in a complete, easy-to-use training aid simulator packaged in a rigid carrying case
