

PVC MEDIC CROSS PATCHES

REV031819

2 in. x 2 in. patches
shown on medical kits (sold separately)

1 in. x 1 in. patches

Soft flexible PVC rubber patch for personalized medical identification...

The PVC Medic Cross Patches from NAR are designed for easy-to-see, personalized medical identification on bags, clothing or any surface with an area for hook-&-loop attachment. Available in 2 sizes: 2 in. x 2 in. and 1 in. x 1 in. Patches are constructed of durable PVC rubber with a simple 3D medic's cross and backed with hook material for ease of attachment and removal. An additional loop field lined sheet is included for sewing onto clothes or protecting hook back when not in use.

Features:

- Soft flexible PVC rubber patch for personalized medical identification
- Backed with hook material for ease of attachment and removal
- Additional loop field included for sewing onto clothes or protecting hook back when not in use
- Available in two sizes: 2 in. x 2 in. | 1 in. x 1 in.
- Ideal for use on medical kits

Specifications

- Size: 2 in. x 2 in.
