

BENCHMADE 917 SBK TRIAGE

REV071423

The Benchmade 917 SBK Triage Knife offers a modern tactical update to the original Triage rescue knife. Combining their popular AXIS® lock with a folding strap cutter safety hook and a carbide glass breaker tip, Benchmade offers the ultimate triple utility tool. The 917 SBK features a slightly larger build, premium drop point style CPM-S30V steel blade in a black finish and partially serrated edge, and contoured G-10 handle with stainless steel liner.

Features:

- Premium drop point style CPM-S30V steel blade in a tactical black finish with a partially serrated edge
- Fully ambidextrous use with an AXIS® lock, dual thumb studs, and a reversible pocket clip
- 440C folding hook and carbide glass breaker for rescue and tactical applications
- Includes black G10 handle with stainless steel liner

Dimensions:

- Blade length: 3.48 in.
- Overall length: 8.33 in.
- Handle length: 4.85 in.
- Weight: 5.24 oz
