

DENTAL EMERGENCY RESPONSE KIT

REV052523

The pouches are attached by hook and loop to allow independent medical or dental healthcare professionals to remove the specific pouch to provide dental care to the patient.

The Dental Emergency Response Kit by North American Rescue provides independent medical or dental healthcare professionals the capabilities to care for dental emergencies at sea, isolated assignments, and austere environments. The Dental Emergency Response Kit is in a small, compact, rugged case that is airtight, waterproof, and sealable. The Kit has 3 pouches that are secured by hook and loop and 1 utility pouch which is mounted in the lid of the case.

Features:

- Small, Compact, and rugged hard case
- Airtight, Waterproof and Sealable
- Contains 3 dental pouches: Pouch 1, Pouch 2, and Pouch 3
- Contains 1 utility pouch which is mounted in the lid of the case
- The pouches are designed to easily and quickly access the Dental products necessary to respond to Dental emergencies at sea, isolated assignments, and austere environments

Specifications:
