

# USCG BOAT RESPONSE KIT

REV082923

Boat Response Aid Kits from North American Rescue® Provides first responders with critical life saving equipment for rendering emergency care at sea in the austere conditions that exist on afloat vessels – both military and commercial. Kits can be secured using an anti-pilferage seal and the water tight integrity helps to keep your medical products protected. Please contact North American Rescue for additional information...

Meets the rigorous requirements of the U.S. Coast Guard Ships and afloat commercial vessels.
