

K-9 HANDLER ROO® M-FAK *Mini First Aid Kit.....*

REV092424

One of our most compact First Aid Kits empowering K9 handlers with rapid one handed access to your tourniquet without ever having to open the full kit!

The K9 Handler ROO® M-FAK, one of North American Rescue®'s most compact Mini First Aid Kit platforms, was designed with versatile, multi-use options for delivering immediate critical care in the treatment of penetrating, blast or other traumatic injuries for K9s and their handlers in the line of duty. Despite its reduced size, this kit comes fully loaded with the critical medical equipment to address K9 emergencies from major bleeding to bloat or heat injury. Treatment pack out options include Basic and Basic with Combat Gauze® LE.

The K9 Handler ROO® M-FAK's super compact, 500 Denier nylon bag features a unique front tourniquet pouch that easily opens with the pull of a tab for rapid one handed access to your tourniquet without the need to open the full kit. Multiple elastic loops on the interior allow for secure gear organization, while it's rugged exterior includes a MOLLE style attachment for mounting in the standard vertical position as well as a 3 in. internal sleeve that accommodates horizontal attachment to your duty belt. Also included is a 1 in. PVC Med Cross Patch for convenient identification.
