TRUECLOT BLEEDING CONTROL KIT SIMULATOR *(1 GSW & 1 Laceration)*
TrueClot® Task Trainers are an excellent way to introduce your trainees and students to realistic hemorrhage control for **TCCC, TECC, TEMS, PHTLS,** *and* **general wound packing techniques for advanced hemostatic gauze training**

The Rescue Essentials Bleeding Control Instructors Kit contains everything you need to conduct a wet or dry wound packing training class. The TrueClot® Task Trainers are designed to simulate wound packing and demonstrate the use of advanced hemostatic gauzes with LUNA's TrueClot® Blood Simulant. The included, simulated large caliber gunshot wound, and knife/laceration Task Trainers can be packed with LUNA's Simulated Hemostatic Gauze while TrueClot® Blood Simulant is pumped into the wound using the attached 1-liter squeeze bottle. Realistic simulated blood clots form on the gauze at the point of bleeding demonstrating the function of hemostatic gauze.

Dimensions Each:

- Measurements: H 17 in. x W 20 in. x D 7.5 in.
- Weight: 14 lb.

TrueClot® Bleeding Control Kit Simulator (1 GSW - 1 Laceration)
