

STALLION SERIES *Pegasus Ropes®*

RESCUE

Ultra-Lightweight and Low Visibility Ropes...

Stallion Series When weight really matters.... our Stallion Series has no rival. Designed specifically for military and law enforcement operations, Stallion features ultra-lightweight and low visibility rope construction that performs regardless of operational extremes. Teams never have to gamble safety by using smaller diameter ropes for weight reduction again. Innegra™ has an excellent strength to weight ratio and is hydrophobic – neither the physical nor mechanical properties of Stallion change when the rope is wet.

Pegasus Ropes® cores are all designed with Innegra™ S, a new and innovative advanced fiber that gives Pegasus Ropes® the same physical & mechanical properties – whether wet, dry or even exposed to chemicals. This breakthrough technology has an impressive strength-to-weight ratio, making it the lightest structural fiber available today. Innegra's unique composition also provides great thermal properties when used in hot or cold environments. For the first time you can be confident that the backbone of your rope's system, your core, will perform regardless of environmental challenges.

Stallion Series™ Pegasus Ropes®

Dia.	Length	Color	Runner	Item#
9.5mm	100	BLK	BLU	90-1104
9.5mm	200	BLK	BLU	90-2104
9.5mm	300	BLK	BLU	90-3104

STALLION SERIES *Pegasus Ropes*

Features:

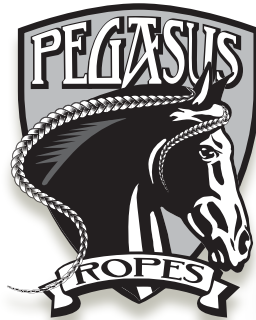

- Ultra-lightweight, low visibility rope designed for high performance in the extremes of military/law enforcement operations
- Chemically resistant to acids, bases & common industrial chemicals
- Innegra™ tight & high twist sheath pattern for abrasion resistance & weight reduction
- Ultra-lightweight, strong Innegra™ core for reliable strength, durability & buoyancy
- Low dielectric & UV stable
- Ideal for use when weight really matters – 100 ft of this 9.5 mm rope offers 5,100 lb of strength under 3 lb – wet or dry

Stallion Rope Specifications:

- Diameter: 9.5mm
- Weight: 2.9 lb per 100 ft
- Rope MBS (Dry Break): 5,100 lbf (22.7 kN)
- Rope MBS (Wet Break): 5,100 lbf (22.7 kN)
- Fibers (core/sheath): Innegra™/Innegra™
- Sheath Ratio: 24% Innegra™

Colors Available:

- Black with Blue Runner
