Point-of-wounding IFAK for the Assault Vest or Body Armor

The Tactical Operator Response Kit™ (TORK®) by North American Rescue® was designed to meet the needs of our customers for an individual first aid kit which carries all the necessary equipment to address the top leading causes of potentially preventable death in a tactical environment. Options are available with the added advantage of a hemostatic dressing for extra capability in the control of life threatening bleeding.

The TORK® contains essential life-saving equipment that can be used at the point of wounding for self-aid/buddy-aid to address injuries caused by penetrating or blast trauma. It's sleek, streamlined size allows for easy attachment using MOLLE/PALS style connectors to the assault vest/body armor or NAR's Quick Detach Panel (available for separate purchase). The TORK® features a signature Red-Tip Technology® rapid opener for fast and easy, one-pull tab opening of the kit.

Features:

- Essential life-saving tools to address injuries caused by penetrating or blast trauma
- Streamlined individual first aid kit providing critical support for immediate Self-Aid/Buddy-Aid at the point of wounding
- Rugged Nylon Bag with easy MOLLE/PALS style attachment to the assault vest or body armor
- Also attaches to NAR's Quick Detach Panel (sold separately)

Specifications:

- Cased Closed: H 7 in. x W 4.5 in. x D 2.75 in.
- Weight: 1 lb. 5 oz.

Nylon Colors: BLK COY MTC ODG RGR RED MTC Alpine
