Basic & Deluxe Kit Contents:

- General examination light: LED lamp to provide a focused beam of bright white light for superior illumination. Lightweight, water resistant and guaranteed unbreakable (batteries included)
- Red lens: Fits on the exam light for night use
- Fiber optic light bender/nasal head: To effectively direct light into the nasal or oral cavity. Can be used to transilluminate the sinuses
- 2 spare AAA batteries
- Soft case with mesh pouches: Secures the exam lights and accessories. Developed with padded sides and durable zipper. Two additional mesh pouches are positioned on the inside compartment for more parts or supplies
- Color instruction booklet: Contains operating instructions and part numbers

Ear Care:

- Otoscopic head: Provides bright illumination and 3X magnification for excellent visualization. Adjustable head allows examiners to adjust for personal comfort
- Specula adaptor: For use with the otoscopic head
- Disposable adult specula: For use with the otoscopic head. Otoscope accepts standard disposable specula
- Lighted stainless curette: Used to remove wax from the ear or to assist in debris removal from small wounds

Eye Care:

- Cobalt blue lens: Provides UV illumination to examine the eyes for corneal abrasions or small foreign bodies. Use with or without fluorescent eye dyes. *(Fluorescein strips not supplied in kit. Please purchase from a reputable supply chain).*
- High resolution eye loop: Soft nylon loop fits on the cobalt blue lens. Designed to gently sweep foreign bodies from the surface of the eye. The lighted tip illuminates work area
- Lighted eye magnet: For the removal of metal foreign bodies in the eye

Deluxe Kit Contents

includes everything from the Basic Kit above PLUS:

- Heine Mini 3000 Ophthalmoscope (batteries and spare bulb included)

Dimensions:

- BASIC: L 8 in. x W 4.25 in. x D 2.25 in. Weight: 6.2 oz
- DELUXE: L 8 in. x W 4.25 in. x D 2.25 in. Weight: 11.6 oz
