

TALON® II 90C Collapsible Handle Litter

REV082024

Ultimate Evacuation Platform

The upgraded Talon II 90C is the most versatile and compact evacuation and treatment litter available today!

Developed to meet the U.S. Army's requirement to provide urgent casualty evacuation from the battlefield. The new design allows patient transport in restricted compartments such as the up-armored M1114 Humvee and other non-conventional commercial vehicles. By simply extending the ergonomically designed handles it transitions to a standard NATO compatible evacuation platform.

Features:

- Advanced, innovative combat evacuation system featuring patented portable quad-fold design with retractable handles
- Developed to U.S. Army requirements
- Retractable, ergonomically designed handles
- Automatic locking hinges
- Slip-resistant, chemical-resistant ripstop fabric tested & approved by Federal & private labs using live warfare agents
- 6 IV-attachment points, 2 patient-securing straps
- U.S. Patents 6,842,923 & 5,598,592, Patent(s) Pending

Specifications:

- Folded with handles collapsed: H 20.5 in. x W 8.5 in. x D 9.5 in.
- Open with handles collapsed: L 78 in. x W 22.5 in. x D 6 in.
- Open with handles extended: L 90 in. x W 22.5 in. x D 6 in.
- Weight: 16 lb 6 oz (7.4 kg)
- Static Payload: 1800 lb (816 kg)
- Ground Clearance: 1.5 in.
