EDC CONCEALMENT FANNY PACK - BAG ONLY

REV090424

EVERY DAY CARRY

Optional Full Med-Kit: Prepare for any eventuality with an optional fully equipped medical kit, integrating seamlessly into the pack for immediate access.

Multi-Use: 2 main zipper compartments, front zipper pouch, internal mesh storage pouch, elastic & loop Velcro storage.

Patent Pending "Clock" Mounting Mechanism: Experience unparalleled adaptability with our Clock mounting system that supports full ambidextrous use and allows you to select your preferred firearm draw angle. 60+ unique mounting positions.

Bring Your Own Holster Retention System: Our unique system supports most in-waistband and on-waistband holsters. Secure your holster with our bolt-in-place "secure strap" to ensure your firearm is safely retained.

Quick Draw Zipper Design: In critical situations, speed is paramount. Our specially designed zipper facilitates a faster draw than a traditional shirt concealed carry, enabling quick access by simply pressing down on the front of the pack, no "manual unzipping" required. Access in under one second.

Enhanced Draw Retention: Includes a stiffening bar to maintain the shape of the bag for consistent draw retention.

Discreet Design: Crafted to blend seamlessly into your daily attire, this fanny pack does not outwardly appear to be a firearm carry bag, ensuring your security and discretion.

Comfort and Stability: With a wide, comfortable belt and a strategically placed buckle near the front, this pack offers optimal comfort, stability, and protection against theft.
