Response Ready for professional responders and other medical personnel

The EFAK™ PRO X EMT first aid kit is designed to help you easily carry and deploy EMT supplies in a very compact, hands free kit, with a lot of capacity and customizable configuration. This kit delivers the tools needed in critical point-of-wounding care for penetrating and other traumatic injuries.

Response ready, this pack provides easy access to gloves and other supplies without opening the main compartment. Gloves can be easily removed from the outer access hole while remaining organized in an inner elastic pouch. Shears, pens, pen lights, radios, pagers, light sticks, cleaning agents, protection sprays, and a rescue knife can be inserted and secured into elastic sleeves on the front, top, and sides of the EFAK™ PRO X. Flip open the main compartment to secure N95 masks, shoe/ head covers, eye protection, hand sanitizer, bandages, and more.

The EFAK™ PRO X™ is available in high viz yellow, red, & navy, constructed from waterproof, durable, wipe-clean tarpaulin, and are designed specifically to easily clean and remove blood borne pathogens.
