

INDIVIDUAL BLEEDING CONTROL BLUE TRAINER KITS

PUBLIC ACCESS

Train to stop life threatening bleeding and SAVE A LIFE!

Public Access Individual Bleeding Control Trainer Kits by North American Rescue® provide the appropriate equipment needed to teach individuals the necessary life-saving skills of bleeding control. Designed to correspond with the equipment found in our core Advanced Public Access Bleeding Control Kits, these individual trainers come fully packed in a distinctive blue nylon bag and contain trainers of intuitive, easy-to-use tools proven to help to save lives such as the C-A-T® tourniquet, gauze, pressure dressings, hemostatic, and chest seal. Also included are step-by-step illustrated "just in time" pictorial instructions. These trainers are available Basic, Intermediate, Advanced, and Advanced Celox™ configurations.
